□ Frequently Asked Questions (FAQs)

Q: What if the issue comes back?

A: We don't just patch – we fix the root cause. Most issues are solved permanently. If it reappears within 3 days, we fix it again for free.

Q: Is the \$20 price valid for any issue?

A: Yes. One-time \$20 covers fixing any NGINX issue on a single server. Complex setups may need a custom quote (we'll tell you upfront).

Q: How long does it take?

A: Most issues are resolved within 1 day. We start working as soon as you confirm payment and share server access.

Q: Is it safe to give you access?

A: Absolutely. We follow strict security practices and can sign NDAs if needed.

Q: Can you fix multi-server load balancers or clusters?

A: Yes. We support advanced NGINX setups – pricing may vary. Let's talk.
